

WOF

Workforce of the Future

DURATION**4 to 8 weeks****FORMAT**

Program for entire teams, remote, on site or hybrid · German or English

AUDIENCE

Complete IT departments of mid-sized companies, enterprises, public sector and system integrators moving from classic on-prem IT to cloud operations.

Certification anchor: Certification anchors depending on the track bundle, maturity score as the program conclusion.

OUTCOMES

- ▶ Develop the entire team from classic IT to cloud operations
- ▶ Individual learning paths per person based on a skill audit
- ▶ Live lab in your own environment with use cases from your own business
- ▶ Embedded mentoring during the first weeks of production operations

AGENDA

WoF-1	Skill audit, 1 week: skill level vs. target picture, gap map, personal learning profiles
WoF-2	Cloud mindset, 3 days: why cloud accelerates the business, also for sales and management
WoF-3	Express track bundle, modular: distributing people to matching Academy tracks by skill profile
WoF-4	Live lab, 1 to 2 weeks: your own cloud environment, your own use cases, mentor support
WoF-5	Embedded mentoring, 4 to 6 weeks: guiding the team through the first weeks of production
WoF-6	Maturity check, 1 day: assessment and roadmap for the next steps

YOUR TRAINER**Dino Bordonaro**

7x Microsoft MVP (Azure, Azure Hybrid, Cloud & Datacenter Management), Microsoft Certified Trainer, almost 30 years in IT. Trains Microsoft partners, among others for the ADN distribution. His strength: he connects sales and technology. Pricing models, objections and architecture in a language that decision makers and engineers both understand. More than 500 professionals trained, every concept proven in his own Tier 4 lab.

on request

Program price based on skill audit and module scope. An inquiry with team size and target picture is enough.
